

BEVERLY HILLS

Jason Garcia

Branch Manager – Escrow Officer

Jason has been serving in residential escrow since 2003, and he joined Pickford Escrow in 2005. He started in Orange County, where he successfully managed the company's statewide REO/Bank-owned Re-sale Division from 2007 to 2012, before his move to our Beverly Hills Branch, where he serves as the Escrow Officer and Branch Manager.

Jason has superior knowledge in all aspects of residential real estate from traditional re-sales to Indian Land Leases. His constant dedication to customer service, communication, and proactive work ethic are a few of his strengths, and help him continue to bring back satisfied repeat clients time and again.

Along with his team, Jason vigorously achieves a successful closing on all transactions to ensure the escrow is closed in an efficient, safe, and secure manner. Out of the office, Jason is an avid golfer and car enthusiast.

"I have worked with Escrow Officers during my 27-year career as a realtor, and Jason Garcia is simply the best Escrow Officer. He combines an easy-going personality with a vast knowledge of the Escrow process, and is extremely professional. Jason always makes himself available to me; even on a holiday weekend he answered his cell phone and was available to help me with a challenging situation. I am so impressed with his work ethic and commitment to his career that I request him on every transaction that I am involved with. My clients and other agents have also expressed to me how much they enjoyed working with Jason and would definitely use him again. Jason Garcia is not like other Escrow Officers, he takes pride in what he does and it shows."
