“Theresa, I can’t thank you enough for your kindness throughout this difficult Short Sale! Not only kindness but your patience and staying on top of the situation! You had an answer each time I called. My client was also relieved by your expertise & push!

Thank you for making it happen for my client! Hope to work with you in the future! All the best to you!”

Andrea Testa, Keller Williams Realty Pacific Estate

“It may seem strange to thank someone for doing his or her job, but it seems like my new home almost didn’t happen because people were “dialing in” their time at work. Not so with you! I feel you went above and beyond the call of duty – watching out for me, giving me advice, doing your best to make it happen. Thank you so much!”
