

## PASADENA

### Kevin Gibson

*Branch Manager – Escrow Officer*

A former Vice President at Bank of America, Kevin worked in banking and finance for almost 20 years before joining KPL Select to helm their growing escrow company in 2002. Kevin joined Pickford Escrow's Beverly Hills office in 2012 before he was promoted to Escrow Branch Manager of the Pasadena Branch Office.

Kevin's strengths include his professionalism, understanding, compassion, and high level of integrity. His assistants are knowledgeable, caring, and professional people, and as a team, they overcome challenges and get the job done with the best service possible! Kevin believes that communication is the most valuable tool in this industry, and listening to and understanding his clients' needs helps him get the job done well. Out of the office, Kevin loves cooking, and enjoys watching The Food Network.

"I have been in business for over 27 years, and I have worked with hundreds of escrow officers. Kevin learns the agents that he works with and their styles. I personally like to know everything that is going on, so Kevin is constantly e-mailing me updates about what is going on with each file - from ordering loan documents to funding and everything in between - I love that! And did I mention, he closed a deal for me in four days!!"

*Gary Bergevin, Realtor*
